

HOW TO... MAKE A PODCAST

P play
O on
D demand

A podcast is an easy and effective method of publishing recorded speech and music through the internet, in a way that can simply share your material with your listeners.

An enhanced podcast can display images simultaneously with audio. These can contain chapter markers, hyperlinks, and artwork

Use your own ideas or the excellent prepared texts provided

Impacts upon reading and writing at all levels

Can be used in any area of the curriculum

manipulate sounds in science, create your own soap opera...

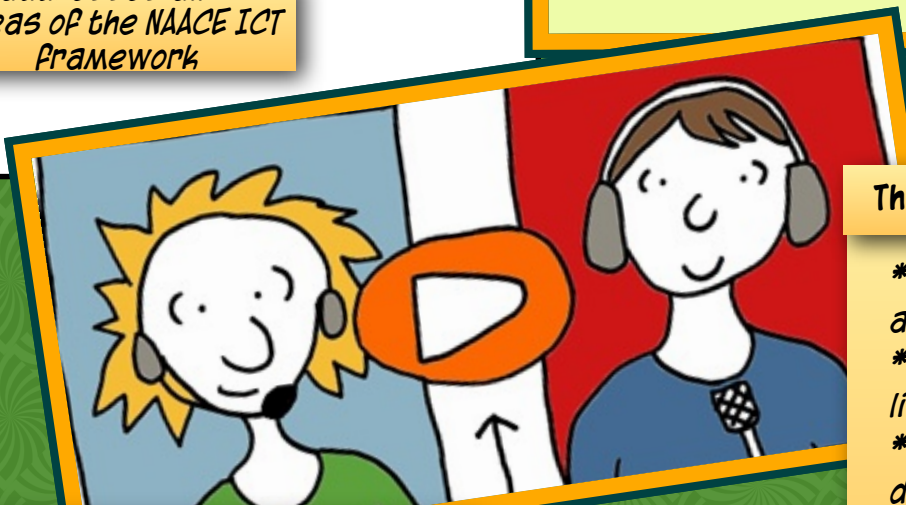

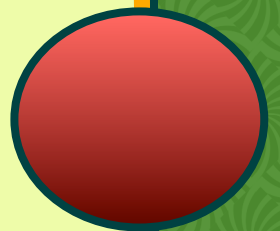

addresses all 5 areas of the NAACE ICT framework

LEARN HOW TO RECORD AND EDIT SOUNDS AND MUSIC...

LOOK AT HOW PODCASTS HELP TO DEVELOP LITERACY SKILLS....

IDENTIFY AND DISCUSS CROSS CURRICULAR USES.....

TRY YOUR HAND AT PRODUCING A MUSIC VIDEO.

The benefits.....

- * Pupils have a potential real audience.
- * It practises speaking and listening skills.
- * Collaborative teamwork is developed.
- * It provides a medium by which all children can achieve success.
